

INTERVENTO DI ADEGUAMENTO SISMICO
DELL'EDIFICIO SCOLASTICO SEDE DELL'I.I.S.
"DE SARLO" DI LAGONEGRO
VIA SANT'ANTUONO
CODICE EDIFICIO 760390475

CUP: H62C21000410001

PROVINCIA DI POTENZA

PROGETTO ESECUTIVO

The image shows a 3D architectural rendering of a school building and its seismic retrofit. The building is a two-story structure with a red brick base and a yellow upper section. To the left of the main building is a large, white, lattice-like structure representing the seismic retrofit, which appears to be a braced frame or a similar structural system. The building has a red-tiled roof. The rendering is set against a clear blue sky. The text above the rendering provides details about the project, including the location (Lagonegro, Via Sant'Antuono), the building code (760390475), and the CUP number (H62C21000410001). The text below the rendering identifies the project as 'PROGETTO ESECUTIVO' (Executive Project) and mentions the 'PROVINCIA DI POTENZA' (Province of Potenza).
